

## **Earthship Greenhouse Construction Workshop**

**Headwaters Garden and Learning  
Center in Cabot**

**September 14+15 & 21+22, 2013  
10:00 – 5:00**

Come and learn how to build a greenhouse out of old tires, dirt, and elbow grease. Headwaters Garden and Learning Center is an Ecovillage in Cabot, Vermont, dedicated to being a model of permaculture community living. We have been preparing the land and assembling the materials for the greenhouse, and now we are ready to put it all together. This will be a hands-on experience for workshop participants. Lunch is provided with the registration fee of \$20 per person.
